Western Legacy Sales Introduces the Ultimate Equine Accessory

Alvarado, TX / June 27, 2007 / -- Western Legacy Sales, LLC introduces Tacky Rack™, the newest idea from Western Legacy for washing and keeping your splint boots, bell boots, leg wraps, or any other item you own with Velcro closures organized and off of the floor.

The fun is in washing your boots. You never have to bend over again, simply throw your boots at the Tacky Rack™, stand back and spray them off! It's also great for use in your arena if you pull boots to switch horses. Just hang the rack on your arena fence, throw your boots at the Tacky Rack and they stay there until you are ready for your next horse.

Tacky Rack™ is made of 100% water proof backed #600 Denier polyester with Textaline mesh pockets. The upper face is series of Velcro strips that make an area to attach your boots for storage or to wash after use.

The Tacky Rack™ is available in two different models -- #100 and #101. Model #100 is 23"x38" inches and made to hang from your hang from your horse trailer door (MSRP \$34.95). Model #101 is 38 x 48 inches is made to use in your wash rack or riding arena (MSRP \$59.95). Each model is available in Black, Royal Blue, Hunter Green and Pink.

Tacky Rack™ is made to use for washing, storage, and organizing any type of sport boot or bell boot with its unique strong hook strips. Tacky Rack features include:

- Hangs on hooks or straps. Use in your barn, wash rack, arena, show pen and horse trailer
- Great for washing and storing your boots. 100% waterproof backed #600 Denier polyester with Textaline mesh pockets
- Holds up to 6 sets of Sports Boots
- Keeps your sport boots off the floor
- Unique strong hooks strips hold all traditional sports boots and bell boots with hook and loop closures.
